KDOT to replace bridge on K-105

The week of May 6 the Kansas Department of Transportation (KDOT) expects to start a project to replace the Cedar Creek bridge on K-105 in Woodson County. The bridge is 1.34 miles southeast of U.S. 54.

The speed limit will be reduced through the project area with a driving lane width restriction of 13 feet. The bridge is being replaced one half at a time. Temporary signals will control one-lane traffic at the work zone. Expect brief delays. The new bridge should be open in late 2024.

KDOT awarded the construction contract of \$4.9 million to B & B Bridge Company LLC, St. Paul, Kansas. Check KDOT's updated traveler information website, www.kandrive.gov, for more highway condition and construction details. Persons with questions may contact Construction Manager Warren Ebberts at (620) 901-6549 or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
