U.S. 40 Business bridge opens to traffic in Junction City

Traffic flow improves today in Junction City, as the U.S. 40 Business bridge reopens to traffic and final work for the bridge replacement nears completion.

The bridge is located on U.S. 40 Business/6th Street over the Union Pacific Railroad and Monroe Street, just east of Washington Street in Junction City.

Motorists should anticipate an occasional lane closure in each direction as the contractor wraps up the final stages of construction. Final completion of all work is anticipated to be completed by June 2024, weather permitting.

King Construction, Inc. of Hesston is the primary contractor for this \$15.9 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a work zone. Check kandrive.org for updates and more information.
