U.S. 75/K-20 field survey to begin tomorrow

A Kansas Department of Transportation field survey is scheduled to begin tomorrow, May 2, at the U.S. 75 and K-20 junction in Brown County.

The survey is to gather information necessary for the detailed design of the proposed improvements and is estimated to be complete by May 31.

Joe Bowen, P.S., Survey Project Manager, KDOT, will be in charge of the survey.

A member of the survey crew first will contact property owners and/or tenants for permission to enter private property. Survey activities will include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.
