Work to begin on U.S. 183

Crews will begin work March 18 on a milling and overlay project on U.S. 183 in Kiowa and Edwards counties.

The primary contractor, APAC Kansas Inc. Shears Division of Hutchinson, will begin with milling just under nine miles of U.S. 183 from U.S. 54 north to the Kiowa/Edwards county line. Asphalt work is scheduled to begin March 25. Cost of that project is \$864,571.

A second project will mill and overlay about 16 miles of U.S. 183 from the Kiowa/Edwards county line north to the southern city limits of Kinsley. The cost of that project is \$1,462,383.

Traffic will be controlled through the work zones with a pilot car and flagger operations during daylight hours. Delays will be less than 15 minutes.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs and "Give 'Em a Brake!" when approaching and driving through a highway work zone. Persons with questions about this road work or other KDOT projects may call South Central Kansas Public Affairs Manager Deb Gruver at 620-663-3361.

This information can be made available in alternative accessible formats upon request.

For information about obtaining an alternative format, contact the KDOT Office of Public Affairs, 700 SW Harrison St., 2nd Floor West, Topeka, KS 66603-3754 or phone 785-296-3585 Voice/Hearing Impaired – 711.
