Asphalt Overlay on K-264 Highway in Pawnee County

The Kansas Department of Transportation (KDOT) will begin an asphalt construction project starting around Wednesday, May 7 on the entire route of K-264 Highway; from K-156 Highway to the Larned State Hospital and Correctional Facilities in Pawnee County. This project will include pavement surface milling, asphalt surface overlay, and a rock edge wedge.

Traffic through this work zone will be controlled by flagmen and pilot car, so drivers can expect delays of up to 15 minutes. There will be a 10 foot width restriction in the work zone, so vehicles with widths wider than 10 feet will need to use an alternate route. The work area will move daily and work will be underway during daylight hours only. This project is scheduled to be completed in approximately one (1) week, depending on delays caused by adverse weather conditions.

Venture Corporation from Great Bend is the prime contractor for this \$138,686. KDOT urges all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through a highway work zone. Persons with questions about this road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Martin Miller, at 620-663-3361 or 1-877-550-5368 (Toll free).
