Ramp from I-235 to I-135 to Close for Repairs

Repairs to the southbound I-235 ramp to northbound I-135 will require a complete closure of the ramp for approximately one month beginning Monday, September 8. The ramp is located in south Wichita.

A detour will be posted that will direct southbound I-235 traffic to the 47th St. exit, then left on 47th to the entrance ramp for northbound I-135.

PbX Corporation of Sapulpa, Oklahoma is the lead contractor on the \$151,179.34 project. Repairs to two bridges on the ramp include expansion joint seals and polymer overlays. The work is scheduled to be completed in early October, weather permitting.

The Kansas Department of Transportation project is part of the highway preservation component of T-WORKS, an \$8 billion, 10-year transportation program approved by the 2010 Kansas Legislature. More information on the program is available at <http://kdotapp.ksdot.org/TWorks/>. Information on this and other Wichita highway projects is available at www.WichitaKDOT.org.
