KTA project will close U.S. 166 bridge, result in detour

A Kansas Turnpike Authority project on the U.S. 166 bridge over I-35/Kansas Turnpike will soon close U.S. 166 at the bridge and result in a detour.

The bridge closure and detour – **see map below** – is expected to begin March 28, weather permitting. The designated detour for U.S. 166 traffic will be marked with signage starting March 28 through mid-November, weather and schedule permitting.

The detour will use U.S. 160 to the north, U.S. 81 to the west and U.S. 77 to the east.

Intermittent lane closures on I-35/Turnpike near mile marker 4.049 can also be expected throughout the project.

The KTA project will include increasing the bridge's vertical clearance and allowing for rehabilitation work.

Drivers are encouraged to be aware of traffic impacts by checking www.KanDrive.org.
