Survey to begin on US-56 Highway in Pawnee County

Starting around Monday, June 30, and continuing for six (6) weeks, the Kansas Department of Transportation (KDOT) will have a field survey team surveying a 1.5 mile section of US-56 Highway in southern Pawnee County. The survey area will include the section of US-56 from the bridge over Big Coon Creek west of the City of Garfield then continuing east to the east city limits of Garfield. The purpose of the survey is to gather information necessary to create detailed designs for future highway improvements.

Joseph Bowen, L.S., Field Survey Project Manager, will be in charge of this survey for KDOT. A member of the survey crew will contact landowners and/or tenants for permission to enter private property. Survey activities will include the use of survey equipment on the ground to determine locations on existing features within the survey corridor.

Persons with questions about the survey can contact Martin Miller, KDOT South Central Public Affairs Manager, at (620) 663-3361 or toll free at 1-877-550-5368.
