Work on US-54 bridges in Kingman County set to begin

Starting around Monday, September 8, the Kansas Department of Transportation will begin a bridge repair project on the eastbound and westbound US-54 Highway bridges over Smoots Creek, located ¼ mile west of the K-14 interchange east of the City of Kingman. This bridge repair project will include surface patching followed by a concrete surface overlay, and is scheduled to be completed by January 2015, depending on delays due to adverse weather conditions.

During construction the eastbound and westbound US-54 bridges will be limited to one lane of traffic. There will be a 12 foot width restriction in this work zone, so vehicles with widths wider than 12 feet will need to use an alternate route. Highway construction project locations and road condition information can be viewed at the <http://511.ksdot.org> website, or can also be accessed by telephone by dialing 511.

Wildcat Construction Co Inc. from Wichita is the prime contractor for this \$1,144,322.50 project, which is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2010. For more information about T-WORKS projects and funding visit the website, www.ksdot.org/tworks .

KDOT urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through a highway work zone. Persons with questions about the road work or other KDOT projects can call South Central Kansas Public Affairs Manager, Martin Miller, at 620-663-3361 or 1-877-550-5368 (Toll free).
