U.S. 169 slide repair project starts next week

The week of August 22 the Kansas Department of Transportation (KDOT) plans to begin a project to repair a slide along U.S. 169 in Miami County.

The repair is located at 363rd Street and U.S. 169. Traffic on the 363rd St. bridge over U.S. 169 will be reduced to one lane controlled by signals. The work is not expected to affect U.S. 169 traffic.

KDOT awarded the \$385,344 construction contract to Killough Construction Inc., of Ottawa. Weather permitting, the slide repair should be finished by late autumn. Persons with questions concerning the project may contact Donna Schmit, area engineer at the KDOT Garnett office, (785) 448-5446, or Priscilla Petersen at 1-877-550-5368.
