# 223<sup>rd</sup> Street bridge patching next week

Maintenance workers with the Kansas Department of Transportation (KDOT) plan to place asphalt patching on the 223<sup>rd</sup> Street bridge over U.S. 169 at Spring Hill next week. The patching operation begins Monday, Aug. 15, and continues through Wednesday, Aug. 17, weather permitting.

223<sup>rd</sup> St. traffic will be reduced to one lane controlled by flaggers at the work zone. The on/off ramps at the interchange of U.S. 169/223<sup>rd</sup> St. will be closed during the patching operation; however, all lanes of U.S. 169 will remain open to unrestricted traffic.

Kevin Ryan, superintendent at the KDOT Garnett office, reminds drivers to obey the signs and flaggers and "Give 'Em a Brake!" in the work zone. Persons with questions concerning the road work may contact Ryan, (785) 448-5446, or Priscilla Petersen at 1-877-550-5368.
