223rd Street bridge patching to resume August 22-24

Because of equipment issues the Kansas Department of Transportation (KDOT) has suspended the asphalt patching project on the 223rd Street bridge over U.S. 169 at Spring Hill. Work is expected to resume Monday, Aug. 22, and be finished by Wednesday, Aug. 24, weather permitting.

223rd St. traffic will be reduced to one lane controlled by flaggers at the work zone. The on/off ramps at the interchange of U.S. 169/223rd St. will be closed during the patching operation, with all lanes of U.S. 169 remaining open to unrestricted traffic.

Kevin Ryan, superintendent at the KDOT Garnett office, reminds drivers to obey the signs and flaggers and "Give 'Em a Brake!" in the work zone. Persons with questions concerning the road work may contact Ryan, (785) 448-5446, or Priscilla Petersen at 1-877-550-5368.
