I-35 resurfacing project begins in Franklin County

The Kansas Department of Transportation (KDOT) has started a resurfacing project on a section of I-35 in Franklin County.

The project is located between mile markers 177-192. Activities include pavement crack filling, concrete patching, a 1-inch reflective crack interlayer, and a 3-inch overlay treatment between mile markers 177-192.

I-35 traffic is reduced to one lane in the project area.

KDOT awarded the \$12.4 million construction contract to Bettis Asphalt & Construction, Inc., of Topeka. Work on the project will be suspended during the winter months and resume in the spring of 2021.

Drivers are reminded to slow down through the work zone. Persons with questions may contact Troy Howard, (785) 433-6116, or Priscilla Petersen, (620) 902-6433.
