## **U.S. 400 concrete repairs in Wilson County**

Beginning around Tuesday, Oct. 7 and continuing for one week, weather permitting, maintenance workers with the Kansas Department of Transportation (KDOT) will repair concrete panels on the approaches of the Fall River overflow bridge on U.S. 400 in Wilson County.

The work zone will be located at the west edge of Neodesha, where the four-lane highway section tapers into two driving lanes. Traffic will be reduced to one lane controlled by signals, with brief delays expected during daylight hours.

Independence KDOT Superintendent Marcus Leck reminds motorists to obey the signs and flaggers, slow down and “Give ‘Em a Brake!” Persons with questions concerning the project may contact Leck at (620) 331-3760 or Priscilla Petersen at 1-877-550-5368.
