KDOT to resurface section of U.S. 54

The Kansas Department of Transportation (KDOT) expects to begin a resurfacing project on U.S. 54 in late September. The road work starts at the west K-99 junction and continues east to the city limits of Yates Center.

Project activity includes a mill and overlay. Flaggers and a pilot car will guide one-lane traffic through the work zone; expect delays of 15 minutes or less. The project should be completed by late autumn, weather permitting.

KDOT awarded the construction contract of \$4.7 million to Shilling Construction of Manhattan, Kansas. Check KDOT's updated traveler information website, www.Kandrive.org, for more road condition and construction details. Persons with questions may contact Area Engineer Troy Howard, (620) 901-6557, or Public Affairs Manager Priscilla Petersen, (620) 902-6433.
