U.S. 69 bridge project to begin in Linn County

The Kansas Department of Transportation (KDOT) will on Monday, Sept. 21, start a repair project on the southbound U.S. 69 bridge over the Marais des Cygnes River. The bridge is approximately one mile south of the north K-52 junction.

The abutment seal at both ends of the bridge will be replaced and the deck will be patched. Southbound traffic will be reduced to one lane with a speed limit of 65 miles an hour.

KDOT awarded the \$181,309 construction contract to PCI Roads, Topeka. The project should be completed by late November, weather permitting.

Drivers are reminded to slow down through the work zone. Persons with questions may contact Troy Howard, (785) 433-6116, or Priscilla Petersen, (620) 902-6433.
