KDOT to replace bridge on K-99 in Greenwood County

The Kansas Department of Transportation (KDOT) expects to begin work in early May on a project that will replace a bridge on K-99. The bridge spans the Fall River and is 2.3 miles south of the west U.S. 54/K-99 junction.

K-99 traffic will be placed on a temporary road around the work zone. The bridge replacement should be completed early in 2022, weather permitting. Bridges Inc. of Newton is the primary contractor on the \$3.8 million project.

Persons with questions may contact Iola Area Engineer Troy Howard, (620) 901-6557, or Public Affairs Manager Priscilla Petersen, (620) 902-6433. Check KDOT's updated traveler information website, www.Kandrive.org, for more road condition and construction details.

K-99 bridge replacement – Greenwood County
