# K-152 resurfacing project now set to begin in June

The Kansas Department of Transportation (KDOT) expects to start a mill and overlay project on K-152 on Wednesday, June 14. The 13-mile project begins at the junction with K-7 and continues east to U.S. 69. Work was initially set to begin in late May but has been delayed until mid-June.

Flaggers and a pilot car will guide one-lane traffic through the work zone during daylight hours; expect delays of 15 minutes or less. KDOT awarded the construction contract of \$2.8 million to Superior Bowen Asphalt Company LLC, Kansas City, Missouri.

Weather permitting, the road work should be finished in two months. Check KDOT's updated traveler information website, [www.kandrive.org](http://www.kandrive.org), for more highway condition and construction details. Persons with questions may contact Construction Manager Ian Stringham at (785) 433-6116 or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
