K-47 resurfacing work begins next week

The week of July 17 the Kansas Department of Transportation (KDOT) plans to start work on adjoining K-47 resurfacing projects in Neosho and Crawford counties. The 18-mile project area runs between the west city limits of St. Paul and the west city limits of Girard.

Project activity includes a pavement surface recycle and asphalt overlay. The contractor plans to begin at Girard and work west to St. Paul, and then turn and work east toward Girard. Flaggers and a pilot car will direct one-lane traffic through the work zone during daylight hours. Drivers can expect delays of 15 minutes or less.

KDOT awarded Bettis Asphalt & Construction of Topeka the construction contracts totaling \$5.3 million. The work should be completed by mid-November, weather permitting. Check KDOT's traveler information website, www.Kandrive.org, for more highway condition and construction details. Persons with questions may contact Doug Pulliam at KDOT-Pittsburg, (620) 235-9523, or Public Affairs Manager Priscilla Petersen at (620) 902-6433.
