# Concrete repairs to start on U.S. 400

The week of Feb. 20 the Kansas Department of Transportation (KDOT) plans to begin full-depth concrete patching on U.S. 400 from the Greenwood-Wilson county line southeast to K-47. Temporary signals will control one-lane U.S. 400 traffic at the work zone. Expect brief delays. Weather permitting, the road work should be finished by mid-April.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. Check KDOT's updated traveler information website, [www.Kandrive.org](http://www.Kandrive.org), for more highway condition and construction details. Persons with questions may contact KDOT Superintendent Marcus Leck, (620) 577-7313, or Public Affairs Manager Priscilla Petersen, (620) 902-6433.
