K-7/Star Valley Road survey to start in Cherokee County

The Kansas Department of Transportation (KDOT) plans to begin a field survey at the K-7/Star Valley Road intersection on Monday, Dec. 16. The survey will cover one mile and is based on the existing alignment of the intersection.

Surveyors will gather information necessary for a drainage study and evaluation. A member of the survey crew will contract property owners or tenants for permission to enter private property.

Activities include the use of survey instruments on the ground to determine locations of features within the corridor. KDOT expects the work to be completed in three weeks, weather permitting.

Field Survey Project Manager Kara LaRiviere will oversee this survey for KDOT. Persons with questions may contact Public Affairs Manager Priscilla Petersen at (620) 902-6433.
