Survey on K-7 in Crawford County begins this week

The week of Aug. 17 the Kansas Department of Transportation (KDOT) started a survey for a proposed shoulder widening project on K-7 in Crawford County. The survey is on the existing highway alignment, beginning at the north city limits of Girard and continuing north for 11 miles to the Crawford-Bourbon county line.

KDOT expects the survey to be completed by December. Activities include the use of survey instruments on the ground to determine locations of existing features within the corridor. A member of the survey crew will contact property owners or tenants for permission to enter private property.

Craig Chaney of RIC will manage this survey for KDOT. Persons with questions may contact KDOT Public Affairs Manager Priscilla Petersen, (620) 902-6433.
