## **KDOT to mill rail approaches on U.S. 400 and U.S. 169**

Monday, Feb. 8, crews with the Kansas Department of Transportation (KDOT) will conduct milling operations to improve the ride on the highway approaches at two railroad crossings in Montgomery County.

The crossings are located on U.S. 400 approximately three miles west of the U.S. 400/U.S. 169 junction, and on U.S. 169 south of Cherryvale. Flaggers will direct one-lane traffic through the work zone, with delays of two or four minutes expected between the hours of 9:00 a.m. and 3:30 p.m. Weather permitting, the road work should be completed in two days.

Independence KDOT Superintendent Marcus Leck reminds motorists to pay attention to the signs and flaggers, slow down and "Give 'Em a Brake!" at the work zone. Persons with questions concerning the road work may contact KDOT Independence Superintendent Marcus Leck at (620) 331-3760 or Priscilla Petersen at 1-877-550-5368.
