Pavement marking project starts on U.S. 69

Weather permitting, on Monday, Sept. 18, the Kansas Department of Transportation (KDOT) will begin a project to install new pavement markings on approximately 11 miles of U.S. 69 in Miami County. The project starts 1.3 miles south of 359th Street and continues north to end ½ mile south of K-68 at Louisburg. U.S. 69 traffic will be reduced to one lane at the work zone, with no significant delays expected.

KDOT awarded the \$260,000 construction contract to Twin Traffic Marking Corporation of Kansas City, Kan. The road work should be completed by early October.

Persons with questions may contact KDOT Construction Engineer Troy Howard at the Garnett office, (785) 448-5446, or KDOT Public Affairs Manager Priscilla Petersen at the Chanute office, (620) 902-6433.
