K-25 bridge replacement underway in Kearny County

Work has started on a bridge replacement project on K-25 north of Lakin in Kearny County. The bridge is over the Mattox Draw and is located approximately 9 miles north of the junction of K-25 and U.S. 50.

A one lane shoofly around the bridge will be built during this first phase of construction. Impact to traffic during this phase will be minimal. Drivers should be alert to construction equipment and workers and be prepared to slow down or stop. Once the shoofly is completed, traffic will be detoured around the bridge.

Klaver Construction Company, Inc., of Kingman, is the primary contractor on this bridge replacement project at a cost of approximately 840 thousand dollars. KDOT expects work on this project to be completed by the end of September, depending on weather.

If you have questions on this project, you can call Larry Meyer, Construction Manager, at 620-384-7821 or Kirk Hutchinson, KDOT Southwest Public Affairs Manager, at 1-877-550-5368 (toll free).

You can stay aware of all road construction projects across Kansas at www.kandrive.org or by calling 5-1-1. To learn more about this and other T-WORKS projects, visit www.ksdot.org/tworks.
