Survey work planned on U.S. 36 in Phillips County

The Kansas Department of Transportation plans to begin a field survey along U.S. 36 in eastern Phillips County on May 9, weather permitting.

Survey work will be concentrated along the highway overpass over the Kyle Railroad located approximately 12.5 miles east of the U.S. 183 junction, or approximately 2 miles east of Agra. The work is necessary to gather information for the detailed design for proposed improvements to the guardrails.

The survey is expected to last three weeks. Michael Selley, field survey project manager, is in charge of the survey for KDOT. For more information on the survey work, contact KDOT district public affairs manager Lisa Mussman at 785-877-3315 or lmussman@ksdot.org.
