KDOT replacing guardrail along I-70 in Sherman County

The Kansas Department of Transportation has started work on a guardrail replacement project on portions of I-70 in Sherman County.

Crews are replacing the guardrail at three locations on both east and westbound I-70 between exit 12 at Caruso and exit 17 at Goodland. Work will take place during the daylight hours and traffic will be reduced to one lane in the work zones. Motorists may expect minor delays and are reminded to use caution when traveling through work zones.

Smoky Hill LLC of Salina is the primary contractor with a total project cost of \$554,000. Work is expected to be completed by the end of August, weather permitting.

For more information, contact KDOT area engineer Eric Oelschlager at 785-626-3258 or eric.oelschlager@ks.gov.
