K-23 to close in Gove County for bridge projects

The Kansas Department of Transportation will close a portion of K-23 in Gove County from the Gove city limits to I-70 beginning Monday, April 3. The closure is necessary for the reconstruction of two bridges located approximately three and six miles north of Gove.

Traffic will be detoured using U.S. 283, U.S. 83 and K-4 throughout the duration of the project. KDOT expects the road to be reopened by Sept. 30, 2017. L&M Contractors is the primary contractor for the project with a total contract cost of \$1.3 million. The project is funded by T-WORKS. Find out more about this and other T-WORKS projects at <http://tworks.ksdot.org>.

For more information about the project and road closure, contact KDOT area engineer Mathew Withington at 785-672-3113 or mathew.withington@ks.gov.
