### **U.S. 283 resurfacing project to start in Norton County**

The Kansas Department of Transportation expects to begin work on a resurfacing project on a portion of U.S. 283 in Norton County the week of April 1.

Project work will involve milling and overlaying on 11 miles starting near Armory Drive in Norton and ending at the Nebraska state line. Crews will also resurface a portion within the city limits between Washington Street and North Street.

Traffic will be directed through the work zones by flaggers and a pilot car. Motorists should plan for delays of 15 minutes or less.

KDOT expects work to be completed in early May, conditions permitting.

APAC-Kansas Inc., Shears Division, of Hutchinson is the primary contractor for the \$2.9 million project. For more information, contact KDOT Area Construction Manager Dan Moore at 785-302-6200 or [daniel.moore@ks.gov](mailto:daniel.moore@ks.gov).
