K-4 chip seal to begin today in Saline and Dickinson counties

Beginning today, The Kansas Department of Transportation will begin a chip seal project on K-4 in Saline and Dickinson counties. Work will begin at the south city limits of Gypsum heading east to the K-4/K-43 junction.

Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules. Traffic will be reduced to one 11-foot lane following a pilot car through the work zone.

Vance Brothers Inc. of Kansas City is the prime contractor for this project at a cost of \$565,631. The contractor has scheduled work to be completed in mid-June, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a work zone.
