K-18 mill and overlay to begin Monday in Ottawa County

On Monday, June 8, the Kansas Department of Transportation will begin a mill and overlay on K-18 in Ottawa County. Work on K-18 will begin at the Dickinson/Ottawa County line and continue west to old U.S. 81/170th road, for approximately 14.5 miles.

Drivers should expect a delay of up to 15 minutes and plan extra time in their travel schedules. Construction will occur during daylight hours and traffic will be reduced to one 12-foot lane following a pilot car through the work zone.

The prime contractor, Shilling Construction Co. of Manhattan, has scheduled this \$2 million project to be completed in July, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approach and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1.
