K-9 surface recycle and chip seal to begin Monday

On Monday, June 1, the Kansas Department of Transportation will begin surface recycle and chip seal on K-9 in Clay County. Work on K-9 will begin at the K-15 junction and head west approximately eight miles to the east Clifton city limit.

Drivers should expect a delay of up to 15 minutes and plan extra time in their travel schedules. Construction will occur during daylight hours and traffic will be reduced to one lane following a pilot car through the work zone.

Dustrol Inc. of Towanda is the prime contractor and have scheduled this \$690,000 project to be completed in early July, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approach and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1.
