Resurfacing on K-15 begins today in Dickinson County

On Monday, July 13, the Kansas Department of Transportation will begin a mill and overlay on K-15 in Dickinson County. Work on K-15 will be located between the north Abilene city limit and the K-15/K-18 intersection.

Construction will take place Monday through Friday with occasional Saturday work during daylight hours. Traffic will be reduced to one 12-foot lane following a pilot car through the work zone. Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules.

Shilling Construction Co. Inc., of Manhattan is the prime contractor and has scheduled this \$852,000 project to be completed by September, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
