Highway projects rescheduled in Morris, Wabaunsee, and Geary counties

The Kansas Department of Transportation has rescheduled three chip seal projects on K-177 to begin on Thursday, June 11.

The projects will run together, and work will begin on K-177 just north of Munkers Creek and head north to the I-70 junction in Morris, Wabaunsee, and Geary counties.

Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules. Traffic will be reduced to one lane following a pilot car through the work zone.

Circle C Paving and Construction LLC of Goddard is the prime contractor for these projects at a total cost of \$592,772. The contractor has scheduled work to be completed in July, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a work zone.
