# I-70 Construction in Dickinson County *UPDATE*

Construction on I-70 in Dickinson County is underway and westbound traffic is moved onto the passing lane of the completed eastbound lanes placing traffic in a head to head arraignment beginning at the east end of the project with traffic moving back onto the westbound lanes at the I-70/Jeep Rd Interchange. Eastbound traffic wanting to exit at Jeep Rd will need to continue east to the I-70/K-43 interchange exit and reenter I-70 westbound then exit at Jeep Rd.

K-43 (Mink Rd.) was closed Monday, March 24<sup>th</sup>, to allow for the westbound I-70/K-43 Interchange Bridge to be removed. Ramps remained open throughout removal of the bridge. Plans now call for the debris to be removed and K-43/Mink Rd to be reopened to through traffic sometime Friday evening (3-28-14).

Signs and message boards will continue to be installed before each phase to detour the public around the ramp closures.

Ideker, Inc. of St. Joseph, MO., is the prime contractor for this project.
