I-70 Construction in Dickinson County UPDATE

Construction on I-70 in Dickinson County continues with westbound traffic on the passing lane of the completed eastbound lanes placing traffic in a head to head alignment for the entire length of the project.

Today, Tuesday, May 27th, the westbound ramps of the I-70/K-43 Interchanges will be reopened and the K-15/I-70 Interchange westbound ramps will be closed for construction.

Westbound traffic wanting to exit at K-15 will continue on to the Fair Rd. Interchange where they will exit and reenter I-70 eastbound then exit at the K-15 Interchange.

Signs and message boards will continue to be installed before each phase to detour the public around the ramp closures.

Plans call for the K-15 Interchange westbound ramps to be reopened July 3 weather permitting.

Ideker, Inc. of St. Joseph, MO., is the prime contractor for this project.
