I-135 Pavement Repairs in Saline County

Beginning Monday, April 21, 2014, pavement work begins on I-135 in southern Salina County. Pavement repairs, that may include patching, sealing and striping, begin at the bridge over the Saline River south of the Bridgeport Interchange (78) then north to the I-135/Shilling Rd Interchange (89).

Traffic within the work zone will be restricted to one lane at a reduced speed limit of 65 mph and ramps in the area will have a width restriction as well. Plans call for work to be completed by the end of May, 2014.
