K-9 Bridge Overlays to begin in Cloud County

Monday, June 9, 2014 repair work will begin on a bridge on K-9 over the Republican River located 13.83 miles east of the US-81/K-9 junction. The deck of the bridge will be under repair and patching will occur as needed. Traffic will be reduced to one-lane and will be carried through the work zone via temporary traffic signals. There is a 12' width restriction in place within the work zone. Plans call for construction work to be completed by Sept. 12th weather permitting.

The purpose of this project is to extend the life of the bridge and improve ride quality.

Reece Construction Co. Inc. is the prime contractor. Project cost is \$129,501.45.
