I-135 Sign Repairs in Saline County (correction)

Monday and Tuesday, Sept 14-15, 2015, sign installation and repair work will take place at the I-135/I-70 Interchange. The signing project is located on the southbound lanes of the I-135 bridge crossing over I-70. During construction on the 14th one lane will be closed to traffic. During construction on the 15th a detour shall be in effect for I-135 southbound and I-70 eastbound traffic. Those drivers will take exit 95B onto I-70 westbound then 1 mile to exit 249 (Halstead Rd) exit and reenter I-70 eastbound. Southbound I-135 traffic can then use exit 250a to access I-135. Plans call for the work zone to be in effect during daylight hours only.

Drivers need to be prepared to slow and follow the work zone signing thru construction.
