US-77 work update in Geary County

Construction activity on a US-77 at Junction City continues. Tomorrow, Wednesday, July 13, 2016, the project enters a new phase involving I-70 westbound traffic wanting to exit onto US-77 southbound.

I-70 westbound traffic will exit onto US-77 northbound to the K-18 Interchange then exit onto K-18 westbound then reenter US-77 southbound. This detour will be well signed.

The purpose of the project is to allow construction to continue on US-77 improvements at the I-70/US-77 Interchange with US-77 traffic head to head in the southbound lanes.

Plans call for this phase to end and traffic return to normal on or about November 18, 2016 weather permitting.
