Emergency bridge repair to begin Monday in Saline County

On Monday, February 22, the Kansas Department of Transportation will begin emergency bridge repair in Saline Co. The bridge is located on north bound I-135 over I-70.

During construction, traffic will be reduced to one 13-foot lane on I-135, and alternate lane closures will occur on I-70 during the bridge repair. Drivers should expect minimal delays and plan extra time in their travel schedules.

PCI Roads, LLC. Of Saint Michael, Minnesota is the prime contractor and has scheduled this \$115,584 project to be completed in late March, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
