

**Please note:** The Route 92 Centennial Bridge Study was conducted by KDOT in 2015 and 2016, prior to the 2019 Kansas Legislature passing Tolling Projects (HB 2369).

All information presented on any link on KDOT's website on the Route 92 Centennial Bridge Study would have to be updated to reflect the new legislation, which allows **ONLY NEW LANE(S) to be tolled and any existing 'free' lane must remain without tolling.**

(KDOT retains studies on various projects for the purpose of archiving, but the language reflecting tolling may no longer be relevant per the new bill.)
