FOR IMMEDIATE RELEASE

For Monday, May 23 – Atchison County

K-116

Weather permitting, **on Monday, May 23, during daylight hours**, eastbound and westbound K-116 will have lane closures near Anderson Road (at milepost 10.3) between Elk Creek and the Delaware River for culvert pipe replacement under the roadway. KDOT crews will replace the culvert one half at a time, so there will be one lane closed at a time.

NOTE: If there is rain on Monday, May 23, the project work will be rescheduled for Tuesday, May 24.

Drivers will be directed through the work zone via flaggers. Advance warning signs will be in place to alert drivers to the lane closure on the bridge. Traffic will be reduced to one 11-foot wide lane. Drivers should expect delays and allow extra time for travel during the lane closure.

Project work is scheduled to be completed on Monday, May 23 (Tuesday, May 24 if rain occurs on Monday, May 23), weather permitting.
