## **Guardrail work on U.S. 36 in Marshall County to begin Monday**

Guardrail work on U.S. 36 in Marshall County to begin Monday, Oct. 5, completion is expected at the end of November, weather permitting. Work will start west of Marysville at approximately mile marker 291, where the four-lane highway becomes two-lane, and continues to the K-87 intersection, approximately mile marker 309, excluding Fourth Street to 20<sup>th</sup> Street in Marysville.

Ten different sites along U.S. 36 will have guardrail repair, or replacement and/or grading and rock added.

Traffic will be minimally impacted with most of the work being completed on the shoulder or outside shoulder of the road, however, a few areas may require a flagging and pilot car operation to control two-way traffic while utilizing only one lane. Traffic cones and signage will also be used and drivers could see delays of up to 15 minutes.

J & J Contractors, Inc. of Iola is the contractor on the \$680,000 project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1. Drive safely and always wear your seat belt.
