Daniels retires from KDOT

Terry L. Daniels, Utility Coordinator for the Kansas Department of Transportation in Horton, is retiring on July 1 after 42 years of dedicated service to the state of Kansas.

Daniels began his career at KDOT in 1978 as an Engineering Technician in the construction field. In 2002 he was promoted to Utility Coordinator. His primary duties included issuing permits for a seven-county region.

"I've enjoyed helping and meeting some outstanding people," Daniels said.

One memory he recalls is working with TransCanada Pipelines as they worked in the area. He helped issue the permits. He said it was interesting to watch the operation as their crews bore under our highways.

After retiring, Daniels plans to help his wife Cheryl take care of their numerous animals on their small farm. He also plans to spend time with his children Jesse, Amea, Katie and Alex. Retirement will allow him more time for his favorite hobby, upland game hunting.
