Road work begins on K-4 in Wabaunsee County

Crews have begun a highway realignment project on K-4 in Wabaunsee County south of the west junction with K-99 at mile marker 282, according to the Kansas Department of Transportation

As the project begins, traffic will be impacted slightly as crews set up signs and move in equipment. Drivers should expect a reduced speed limit of 40 mph. Two-lane traffic will be maintained.

As the work gets closer to the highway, traffic will be controlled by cones and a flagger. Once the earthwork is complete, a concrete barrier will be placed and two-way traffic will be controlled by a temporary signal on the one-lane highway. Motorists should expect delays and add extra time to their travel schedules.

Amino Bros. of Kansas City, Kansas is the contractor on the \$1.4 million project. Weather permitting, the project is expected to be completed by the end of 2020.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1. Drive safely and always wear your seat belt.
