# U.S. 56 overlay and milling work begins in Osage County

Overlay and milling work began today on U.S. 56 in Osage County. The work will cover approximately 27 miles, from the U.S. 56/K-31 junction in Burlingame to the Osage/Douglas county line.

According to the Kansas Department of Transportation, work will alternate between the left and right lanes throughout the project. Traffic will be restricted to one lane in the work zone and will be directed by a pilot car, flaggers, signs and cones. Drivers should plan for delays of up to 15 minutes and add extra time in their travel schedules.

Work will take place Monday through Saturday, beginning 30 minutes after sunrise until 30 minutes before sunset. The project is expected to be completed by late July, weather permitting.

Hamm, Inc., of Perry is the contractor on the \$4.2 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
