K-63 overlay and milling work underway in Nemaha County

Overlay and milling work has begun on the northbound and southbound lanes of K-63 in Nemaha County. The project covers approximately 8 miles, from the K-9/K-63 junction to the U.S. 36/K-63 junction, and is expected to be completed by late-May, weather permitting.

According to the Kansas Department of Transportation, traffic will be restricted to one lane in the work zone and will be directed by a pilot car, flaggers, signs and cones. Drivers should plan for delays of up to 15 minutes and add extra time in their travel schedules.

Work will take place Monday through Saturday, during daytime hours. Hall Brothers, Inc., of Marysville is the contractor on the \$646,000 project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
