## K-20 resurfacing project underway in Brown County

A Kansas Department of Transportation mill and overlay project is underway on K-20 in Brown County. The project covers approximately 10 miles, from the U.S. 75 junction to the western city limits of Horton.

The roadway will be reduced to one lane when work is taking place, and traffic will be directed by a pilot car and flaggers. A 10-foot width restriction will also be in place. Drivers should plan for delays of up to 15 minutes.

Work will occur during daylight hours Monday through Friday, and Saturdays as needed. It is expected to be complete by late September, conditions permitting.

Bettis Asphalt & Construction, of Topeka, is the contractor on the \$1.7 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of highway construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
