Bridge repair over I-70 begins Aug. 27

Repair work on the Urish Road bridge over I-70 in Topeka will begin Aug. 27, weather permitting, according to the Kansas Department of Transportation.

The bridge deck will receive a new overlay and the columns will be repaired and wrapped in an asphalt sheeting. Urish Road will be restricted to one lane and controlled by a traffic signal throughout the project. Motorists should expect short delays and add extra time to their travel schedule. I-70 traffic will not be affected by this project.

Weather permitting, the work on the bridge is scheduled to be completed by December. Bettis Asphalt and Construction of Topeka is the primary contractor on the \$707,000 project.

Please use extra caution in the work zone area.
